

Alex Luu

Game Programmer

Profile

I am a Nait graduate and game programmer who can develop games. I have experience with Unity, Monogame, and more, and know C#, SQL, HTML, and CSS. I have developed games both for my Nait school projects and as a hobby. I have experience working in a team. As a Nait graduate and game programmer, I am happy to help.

Education

Northern Alberta Institute of Technology (NAIT), Edmonton, AB

- Digital Media and IT – Game Programming Concentration
 - Credential: Diploma
 - Date: 2021-2023
 - GPA: 4.000 / 2.000

Work Experience

Northern Alberta Institute of Technology (NAIT), Edmonton, AB

Role: Game Programmer

Date: January 2023 – April 2023

- Worked on a game alongside other programmer students, designer students, and two business analyst students for one of the three clients for the Capstone Project class.
- Had attended meetings when they were held and was engaged in the discussions.
- Created efficient code for the game and helped others struggling with their parts.
- Followed the coding standards to increase readability for other programmers.
- Informed and asked my team what I am or should be working on and begin working when I am given a task to do.
- Accepted feedback from other programmers about my code and worked on improving my code using the feedback.
